

Custom Beverage Trolley

Beverage Trolley with Flat Worktop (no gantry)

Our Custom Beverage Trolley has a flat stainless steel worktop, providing additional space for an optional Chilled Cake Display or Soup Kettle. This increases the flexibility of the trolley, allowing service of Morning and Afternoon Tea & Coffee with Biscuits, Cakes and other snacks.

The VBT_C Beverage Trolley is ideal for service of Hot Soup & Sandwiches for patients and residents who require a light meal for lunch or dinner, which can be served throughout your facility or to the bedside.

Optional eutectic cold plates are available to suit the 1/1GN size poly containers, allowing milk, yogurts, fruit salad and cold desserts to remain chilled ready for service.

The VBT_C offers the same attractive appearance and maneuverability as the classic VBT Beverage Trolley.

Features
Easy to keep clean
Light and easy to manoeuvre
Corner bumper protection
Solid stainless steel top
Galley rail to top front and sides
