

Sanitising dispenser

This product is part of the VERSICARTE RANGE

Size 2 module with twin sanitising dispensers and storage cupboard under. Touchless automatic hand sanitizer dispenser machines are high volume 1000ml. The fully automatic hand sanitiser dispenser is battery operated removing the requirement to touch the dispenser, simply place your hand under the dispenser and a measured dose of gel, liquid soap or sanitiser will be dispensed. The dispenser can contain liquid soap, anti-bacterial gel, or 70% alcohol hand sanitizer.

Features
Practical automatic operation.
Designed to be topped up during usage.
800 doses of antibacterial hand sanitiser per reservoir.
Bulk fill design to allow the dispenser to be topped up avoiding unnecessary consumable wastage.
Ideal for areas where soap and water aren't available, the hand sanitiser dispenser offers an easy and effective hand sanitising option.
Mobile all swivel castors two with brakes.

Optional Extras
Wide choice of coloured outer panels (Durable plastic-coated steel).
Fold down solid tray slide or tubular tray rail.

Yes
